To object to Planning application P/2011/0637

For a Travellers caravan park opposite the Bull, on the corner of Southworth Rd and Parkside Rd for 4 caravans, a multi shower unit and stables. These are currently in place with no planning permission behind the high wooden fence close to Trebaron garden centre. . Write to the above or Email.

If you Email make sure you put your name and address on it otherwise it won't count.

You should object. Firstly the camp as been established without consent and now they are applying for retrospective planning permission. Persons who work this way cannot be trusted to comply with what ever conditions the council may apply..

One was allowed in Pennington and they regularly have more vans on site than they were given permission for.

You have until the 28Th August to Object
