Dear Mark

At our meeting on Monday the 11th July I read your letter regarding Lowton and Golborne being treated the same as the rest of the Borough over the provision of Winter Boxes.

People attending the meeting were delighted, and asked me to write to say thank you

If anything should change this position I would ask that you keep me informed. The provision of these flowering boxes enhances the whole of the borough, lifting people's spirits, promoting the area as a better place for industry to invest, and people to live.

So from the Lowton residents THANK YOU

Edward Thwaite

Chairman.
